

Fall Stroll through the Arboretum

on the Roslindale Gateway Path

SATURDAY, OCTOBER 17
1:00 TO ~2:30 PM

MEET AT

Forest Hills Gate

Across from Forest Hills Station

WALK ENDS AT

Poplar Gate

Inside the Arnold Arboretum

A guided walk led by Rodney Eason, Director of Horticulture & Landscape at the Arnold Arboretum, and WalkUP Roslindale.

We'll dig into horticulture and history, how the path and gate improvements came together, and what's next for connectivity and pedestrian safety in and around the Arboretum.

Please note: We'll walk a little less than a mile, and the route is not accessible to people with walking disabilities. However, we'll be examining and discussing some of those missing links!
